WHY CHOOSE US?

The mission of **The Parenting Place** is to build relationships and provide services, resources, and support that prevent all forms of child abuse and neglect in Upstate South Carolina.

Our vision is happy, healthy children growing up in homes free of abuse and neglect.

Our programs assess family needs, educate caregivers, advocate for victims, and connect our clients to additional beneficial services. Healthy Families Foothills uses evidence-based curricula to serve pregnant mothers and parents of young children through weekly in-home visits. The trained home visitors give parenting tips, provide emotional support, teach bonding techniques, encourage literacy, and more. Counseling & Supportive Services is a free and confidential service to the community. Our counselors serve those who have experienced emotional, mental, physical, and sexual abuse. Triple P (Positive Parenting Program) offers an 8 week parenting course that teaches proper discipline, care, and support. Strengthening Families Program focuses on improving family bonding and communication. Parents and children ages 6-11 attend 14 sessions, followed by two scheduled booster sessions.

We collaborate with organizations and individuals that recognize the value of building a strong family unit. We invite you to join our efforts by sponsoring our annual fundraiser. This year's theme includes an interactive dinner and entertainment via: **The Dinner Detective**.

Sponsorships help us bring valuable resources to our community.
